Campaign: America's 250th Anniversary Prayer Movement

Our Role: Official Technology Partner with White House & U.S. Department of Education

Core Brand Principles:

- Unity across diversity of belief and background
 - Dignity befitting a historic national milestone
 - Accessibility for all Americans to participate
 - Professional excellence in all expressions
-

THE 30-SECOND STORY (MEMORIZE THIS)

*"For America's 250th anniversary, the **White House issued a proclamation** calling citizens to prayer—rooted in **250 years of prayer shaping our nation**. We're the **Official Technology Partner** helping facilitate this, with a goal of **1 million Americans in weekly prayer groups**. It's a **citizen-led movement** for spiritual renewal. Would your church want to be part of this?"*

THE 4-PART FRAMEWORK

1. **DISCOVERY** → "What are your 2026 goals?"

Listen for: cultural influence, declining engagement, desire for historic participation

2. **INVITATION** → Share the 30-second story

Genuine invitation, not sales pitch

3. **FOLLOW-UP** → Event participation check-ins

"Did you participate in the National Mall gathering?"

4. **TRANSITION** → Bridge to Ministry SaaS

"The same platform facilitating this national movement can power YOUR ministry."

APPROVED LANGUAGE

✓ DO SAY:

- "White House proclamation"
- "Official Technology Partner"
- "Citizen-led movement"
- "Spiritual renewal"
- "Grassroots response"
- "Non-partisan prayer initiative"

✗ NEVER SAY:

- "Government-sponsored initiative"
 - "Christian America returning to God"
 - "Taking back our nation"
 - "Government-directed"
 - "Mandatory participation"
 - Any culture war positioning
-

OBJECTION HANDLING CHEAT SHEET

"Is this political?"

→ "Not at all. This is a citizen-led spiritual renewal—completely non-partisan. Churches across all denominations and faith traditions are participating. It's about prayer for America's future, not politics."

"We're too small."

→ "Prayer groups can start with just 10 people. Many churches begin with staff and build from there. The goal is authentic participation, not size. Would starting small make sense?"

"What's the catch?"

→ "No catch. This is an invitation to participate in a year-long national prayer movement. We provide the toolkit and content—churches decide how to engage. Think of it as joining a conversation, not a transaction."

"Can we brand it?"

→ "Absolutely. You'll customize the toolkit with your church branding, following our messaging guidelines to stay aligned with the White House partnership. This becomes *your* church's initiative within the larger movement."
