

PRAY TV Value Proposition

Primary Value Statement

"Reach 3x more Christian viewers than the largest TV network at 1/4 the cost, with real-time analytics that show exactly who's watching and how they're engaging."

Core Value Pillars

SUPERIOR REACH

- **2.5 million weekly viewers** vs. 700,000 for the leading Christian TV network
- **Global distribution** in 185 countries without geographic limitations
- **10K-50K viewers guaranteed** every time your content airs
- **Viral sharing capabilities** that amplify reach organically

DRAMATIC COST ADVANTAGE

- **\$91K annually** vs. \$500K-\$900K for traditional Christian TV slots
- **75% cost reduction** compared to TBN/Daystar pricing
- **No production facility** or broadcast equipment required
- **Unlimited on-demand content** included at no extra charge

ACTIONABLE INTELLIGENCE

- **Real-time analytics** vs. 6-12 month delays from traditional TV
- **Detailed demographics**, including age, location, religious background, and political affiliation
- **Content performance metrics** showing watch completion and engagement
- **Audience-building tools** with direct follower communication

FAITH-INTENT AUDIENCE

- **100% Christian audience** - everyone downloaded PRAY with spiritual intention
 - **Higher engagement rates** than traditional broadcast or social media
 - **Built-in sharing culture** within faith communities
 - **Cross-platform content promotion** driving traffic to your ministry
-

PRAY Radio Value Proposition

Primary Value Statement

"Become the #1 Christian radio station in America without owning a single tower, reaching more weekly listeners than the top 55 Salem stations combined."

Core Value Pillars

UNMATCHED REACH

- **700,000 weekly listeners** vs. 550,000 for Salem's entire 55-station network
- **Mobile-first delivery** reaching audiences wherever they are
- **Global coverage** without frequency limitations or geographic boundaries
- **24/7 availability** with on-demand replay capabilities

EXCEPTIONAL VALUE

- **\$118K annually** vs. \$240K+ per individual radio station
- **50% cost savings** compared to traditional radio advertising
- **Worldwide coverage** for less than half the cost of one local station
- **19:1 come-to-cost ratio** vs. 7:1 industry standard

PRECISE TARGETING

- **Faith-intent audience** eliminates the need for expensive market research
- **Detailed listener analytics**, including religious preferences and engagement patterns
- **Direct audience communication** through push notifications and messaging
- **Cross-promotion opportunities** with TV content and on-demand library

PROFESSIONAL PLATFORM

- **Native audience building** with follow and subscription capabilities
- **Content ownership retained** - you license distribution rights only
- **Professional presentation** with consistent branding and messaging
- **Integration opportunities** with your existing digital presence

Competitive Differentiation

vs. Traditional Christian TV (TBN, Daystar)

Factor	Traditional TV	PRAY TV
Weekly Viewers	700,000	2.5 million

Annual Cost	\$500K-\$900K	\$91K
Analytics	6-12 month delays	Real-time
Global Reach	Limited by broadcast area	185 countries
Audience Data	Basic Nielsen estimates	Detailed demographics & behavior

vs. Traditional Christian Radio (Salem, K-LOVE)

Factor	Traditional Radio	PRAY Radio
Weekly Listeners	550,000 (all 55 Salem stations)	700,000
Geographic Reach	Single market per station	Global
Annual Cost	\$240K+ per station	\$118K total
Audience Interaction	One-way broadcast	Two-way communication
Content Analytics	Limited measurement	Comprehensive tracking

vs. Social Media (Facebook, YouTube, Instagram)

Factor	Social Media	PRAY Platform
Organic Reach	2-5% due to algorithms	100% to followers
Audience Intent	Mixed, requires targeting	100% faith-intent
Algorithm Dependency	High, constantly changing	None - direct distribution
Content Longevity	Short-lived	Permanent on-demand library

Monetization	Ad revenue sharing	Direct donor relationships

Pain Points Addressed

For Traditional Media Users

✗ **Current Pain:** Paying \$500K-\$900K for declining TV audiences with no real-time data

✓ **PRAY Solution:** 3x larger audience at \$91K with comprehensive real-time analytics

✗ **Current Pain:** Radio stations cost \$240K+ each with limited geographic reach

✓ **PRAY Solution:** Global radio reach for \$118K with worldwide coverage

For Social Media Dependent Ministries

✗ **Current Pain:** Organic reach limited to 2-5% due to changing algorithms

✓ **PRAY Solution:** 100% reach to faith-intent audience without algorithm interference

✗ **Current Pain:** Difficulty finding Christian audience in sea of general social media users

✓ **PRAY Solution:** Pre-qualified Christian audience actively seeking spiritual content

For Resource-Constrained Ministries

✗ **Current Pain:** Can't afford traditional Christian media placement costs

✓ **PRAY Solution:** Professional-grade platform at a fraction of traditional media cost

✗ **Current Pain:** Limited analytics make it impossible to measure ministry impact

✓ **PRAY Solution:** Comprehensive data showing exact audience engagement and growth

ROI Proof Points

Financial ROI

- **19:1 cume-to-cost ratio** vs. 7:1 industry standard for traditional media
- **Average 1 new donor per day** per ministry on the platform
- **75% cost reduction** vs. traditional Christian TV placement
- **Tool consolidation savings** replacing multiple marketing and analytics platforms

Audience ROI

- **Jack Graham case study:** Grew from 15,000 Instagram followers to 800,000 Pray followers
- **3x engagement rates** compared to traditional broadcast media
- **Global reach**, achieving international ministry presence without international media buys

- **Cross-platform traffic** driving increased website visits and engagement

Time ROI

- **Instant global distribution** vs. months of traditional media negotiations
 - **Real-time performance data** vs. quarterly or annual traditional media reports
 - **Direct audience communication** eliminates need for third-party marketing intermediaries
 - **Content library permanence** provides long-term value beyond a single broadcast
-

Call to Action Framework

For Immediate Decision Makers

"You're already investing \$500K+ in traditional media with declining results. For less than 20% of that cost, you can reach 3x more people with complete analytics and global distribution. The question isn't whether digital transition will happen - it's whether you'll lead it or follow it."

For Budget-Conscious Leaders

"Most ministry budgets are stretched thin, but you can't afford to miss the digital transition. Pray TV costs less than most single radio stations while delivering more reach than entire radio networks. It's not an additional expense - it's a strategic reallocation that delivers better results."

For Growth-Focused Ministries

"If your ministry vision includes reaching beyond your current geographic boundaries, Pray platform is the most cost-effective way to achieve global impact. You'll reach more people in the first month than most ministries reach in years of traditional media investment."

Quick Reference Benefits Summary

PRAY TV

- ✓ 2.5M weekly viewers (3x larger than leading Christian TV network)
- ✓ \$91K annually (75% less than traditional Christian TV)
- ✓ Real-time analytics with detailed demographics
- ✓ Global reach in 185 countries
- ✓ Unlimited on-demand content library

PRAY Radio

- ✓ 700K weekly listeners (more than top 55 Salem stations combined)
- ✓ \$118K annually (50% less than a single traditional radio station)
- ✓ Worldwide coverage without geographic limitations
- ✓ 19:1 cume-to-cost ratio (vs. 7:1 industry standard)
- ✓ Direct audience communication capabilities

Bottom Line: Pray platform delivers superior reach, better analytics, and dramatic cost savings compared to traditional Christian media, while providing access to the largest faith-intent audience in digital media.
